School Age Ultimate Adventure Camp

Themes and Field Trips

Field trips and themes are subject to change

Week 1: Welcome to Summer Camp

Welcome to Summer! For our first week of summer camp, we will explore our plans for the summer. We will get ready for a summer fun of field trips, water day, park day, and bike day!

Week 2: The Great Outdoors

Time to explore the great outdoors with a field trip this week to Dodge Nature Center where we will experience real life animals! You will focus on classification, hibernation, and if the animals are nocturnal. Get ready to explore what Minnesota has to offer for this wilderness adventure!

Week 3: Brilliant Bakers

Yum, delicious, it's good... those are just a few words to describe food! Join us as we learn some seriously sweet and sour facts about food, healthy habits and even dabble in some cooking!

Week 4: Parks & Rec!

Show us your best skills and abilities as we head into this week. Whether it may be sports, the art of academics, we want you to show off your best! We will participate in individual and team events and activities. Our field trip this week is to Edinborough Park where we can show off our sport and climbing skills.

Week 5: Happy Birthday, America

Red, white, and blue... It's the week of 4th of July! We will talk about our proud country and what makes it so great! Don't miss out on a chance to explore history, recreation, food, and have All-American fun! We will be going to Big Marine Park Reserve and have a wonderful picnic with our Chef Anna!

Week 6: Sports Palooza

This week we will get the ball rolling on sports. Our goal is to familiarize the kids with a variety of sports, teamwork, and good sportsmanship. We will get to explore our own athletic talent by going to HealthEast Sports Center here in Woodbury!

Week 7: Ocean Odyssey!

Discover the wonders of the ocean and the creature within it! We will be doing this through fun, games, activities, and hands on explorations. The kids will get to explore things like eels, sharks, & crabs on our field trip to Sealife!

Week 8: Aspiring Artists!

Lights, Camera, Action... this week we will explore the arts of music, theater, productions and painting! Let's have some fun painting, acting, and singing. You make the next Picasso or Beethoven! Our field trip this week is to see the production of "Charlie & The Chocolate Factory" at Stages Theatre.

Week 9: Remarkable Resilience

Let us overcome some obstacles! This week we will do some fun filled challenges, inside and outside! Discover your inner ninja and Olympian with the great activities we have planned! We will learn about great athletes and heroes and how they conquered their accomplishments! Our field trip this week is Conquer Ninja Warrior in Woodbury.

Week 10: Incredible Inventions

Get ready to get messy as we explore the many aspects of science! We will do various activities in biology, chemistry, physics, anatomy and more! We will do a lot of hands-on learning through experiments. Put on your safety goggles and get ready to get messy! Our field trip this week is to the Works Museum.

Week 11: Water Water Everywhere!

Ready to make some waves?! This week we will go knee deep into water! We'll focus on the importance of water, what it is used for and why it so valuable! Our field trip this week is to an Aquatic Center so get ready to dive in and make some waves!

Week 12: Challenge Accepted

Let's soar high! This week we will challenge ourselves in many different ways. We will test our limits and maybe even face some fears of heights by visiting verticle Endeavors for our field trip this week!

Week 13: Kids Just Wanna Have Fun!

With our last week of summer camp, we will learn about flight. We will get learn about things in the air, past and present and imagine what may come in the future! It will be a fun and relaxing last week before the new school year starts. Our last field trip is at Stepping Stones with the inflatables on our playground!
